The screenshot shows a Windows XP desktop environment. The desktop background is a solid blue color. A grid of icons is visible on the desktop, including 'My Computer', 'Network', 'Control Panel', and several instances of a file explorer. The taskbar at the bottom contains the Start button, a clock showing 11:58 AM on 8/22/2010, and several open application windows. The windows include a 'My Computer' window showing the C: drive, a 'Network' window showing a local area network, a 'Control Panel' window showing the 'Indexing Options' window, and a 'Task Manager' window showing the 'Processes' tab. The taskbar also shows several pinned icons including Internet Explorer, Google Chrome, and several instances of a file explorer.
